

VIBRAHONE™

FCV-150ULE-2

Vibra Finish Company

WWW.VIBRAFINISH.COM

The VIBRAHONE ULE-2 Series, compact, state-of-the-art, high-energy vibratory system features an extended screen deck plus a low-profile, curved-wall construction. A heavy-duty motor and integral inverter/controller deliver flexible operation with excellent overall machine performance, reliability and efficiency all within a compact, space-saving footprint.

LOW PROFILE DESIGN

The low-profile design together with variable speed control supports fine-tuned operation along with efficient processing and part unloading.

CURVED POLYURETHANE-LINED BOWL

Maximizes machine channel utilization and offers higher cutting pressures while keeping parts in contact with media for more efficient processing and reduced impingement. High quality polyurethane construction for longer bowl life.

EXTENDED SCREEN DECK

Increases part separation time, and together with variable speed control and curved wall construction, assists in providing 100% parts separation under most operating conditions.

2.0 HP DIRECT DRIVE MOTOR

Rugged 2.0 HP motor, heavy-duty springs, variable speed control, and low center of gravity produce high-frequency, high-amplitude action ideal for fast cutting and high intensity burnish.

FOR PRICING Contact Vibra Finish Company.

MODEL FCV-150ULE-2 *

Working Capacity (Cu. Ft.)	5.3
Channel Width (Inches)	10.2
Bowl Outside Diameter (Inches)	44.3
Bowl Height (inches)	38.2
Discharge Height (Inches)	32.3
Overall Dimensions (Inches)	L-52" x W-52" x H-38"
Weight (Lbs.)	1200
Maximum Load (Lbs.)	660
Motor Power	1.5 KW 2.0 HP

* OTHER SIZE UNITS AVAILABLE—CONTACT VIBRA FINISH COMPANY.

VIBRA FINISH CO. WARRANTY

The Seller warrants its equipment for a period of one (1) year from the date of shipment, or two thousand hours of operation, whichever occurs first, against defects in material and workmanship, unless otherwise specified in writing by the Seller, and has the right to replace any product proving defective. This warranty does not apply to common wear items such as belts, hoses, submersible compound pumps, etc. The Seller guarantees recommended processes and production rates only to the extent that they are established and authorized in writing by Seller's Customer Service Department. The Seller's obligation under this warranty is limited to the repair or replacement at the Seller's factory of any machinery part or parts thereof which shall be returned to the Seller with transportation charges prepaid, and which Seller's examination discloses, to its satisfaction, to have been defective. The warranty shall not apply to any equipment, which has been subject to misuse, negligence, accident, improper installation, unauthorized repair, or failure on the part of the Buyer to follow Seller's maintenance specifications. This Agreement contains the entire understanding of the parties concerning the goods purchased and supersedes all quotations, agreements, conversations, understandings, or contrary terms of purchase.

THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. THE SELLER DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OF THE GOODS OR OF THE FITNESS OF THE GOODS FOR ANY PURPOSE BEYOND THOSE STATED ABOVE.
